

# Michael Burrows II, MS

Safety, Health & Environmental (SH&E) Professional

## 7+ YEARS OF EXPERIENCE

Michael offers an extensive background in the Occupational Safety, Health, and Environmental fields. His experience includes conducting safety assessments, analyzing job safety, evaluating ergonomics, developing & implementing safety programs, and conducting safety training on a wide variety of subjects including confined spaces entry.

Michael specializes in Industrial Hygiene activities ranging from noise exposure monitoring to bio exposures to air contaminant monitoring. He is well versed in environmental protection and occupational policies including hazardous waste management, hazardous materials handling, spill response, storm water pollution prevention, and hazard communication. Michael's experience covers a wide range of areas where he has worked with both private and government entities in providing analysis, on-site safety inspections, investigations, and training.
