

Michael Burrows II, MS

Safety, Health & Environmental (SH&E) Professional

7+ YEARS OF EXPERIENCE

I'm a working professional with a Master of Science - MS focused in Environmental and Occupational Health from California State University, Northridge. I've worked with clients from both the public and private sectors assisting with the creation and implementation of formal policies/procedures, risk recognition and solution strategies, training at all employee levels from frontline to management, and safety marketing. My specialties include industrial hygiene, environmental protection and program management, training and education, and interfacing between businesses and government agencies to meet local, state, and federal expectations.
