

Johnny Hernandez

SH&E Professional

Years Experience: 20+

A United States Marine Corps Veteran, Johnny comes to Boretti with 20+ years of expertise in the health and safety industry.

Before joining the Boretti Team, Johnny was a Master Safety Trainer for Fall Protection, Control of Hazardous Energy, Cranes and Lifts, and Electrical Safety.

Johnny also has experience with facilitating and monitoring safety training and safety behaviors.

Johnny's goal is to utilize his experience to develop, maintain, and administer safety, health, and environmental training programs and to ensure compliance with Federal, State, local, and corporate regulatory requirements.
