👤 PROFILE

As a member of the Boretti, Inc. team, Abel brings with him 10+ years of dedicated and results-driven experience in Health & Safety in both the General Industry and Construction industries.

With a passion for his work, Abel is a highly detailed individual who has honed his skills in working with people from diverse backgrounds and at all levels within an organization. He has successfully built positive relationships with laborers, operators, and senior executives including CEOs, COOs, and Regional Managers.

Previously serving as a Regional Safety Manager, Abel is well-versed in developing and implementing safety management systems and conducting comprehensive organizational safety and risk assessments. His ability to work with diverse groups in obtaining synergy around safety efforts has proven to be a valuable asset to clients.

As a member of the Boretti team, Abel is committed to delivering exceptional service as a Safety, Health, and Environmental Professional. He approaches his work with a sense of urgency and is skilled in working with limited resources to ensure facilities are in compliance.

Abel's expertise spans a wide range of areas including Hazard Recognition, Written Safety Program Creation, Written SOP Creation, Emission Control, Forklift / Industrial Equipment Training, Fall Prevention Education, Ergonomics, and Industrial Hygiene, among others.
