👤 PROFILE

Albert is a highly experienced Safety Professional with over 23 years of expertise in Occupational Health, Safety & Environmental Management, Emergency Management Services, Safety Prevention Programs, Behavioral Based Safety, and Workers' Compensation Claims Management.

He is a former safety manager who has designed, developed, and implemented safety management systems, completed comprehensive organizational safety and risk assessments, and identified occupational safety and health issues while ensuring compliance with Cal/OSHA, EPA, and state and local regulations.

Albert is proficient in developing and delivering safety campaigns, systems, and behavior-based safety initiatives, and overseeing all aspects of workers' compensation claims, including medical treatment, modified/light-duty work, and temporary and permanent disability benefits.

He has experience in accident investigation and monitoring the use, storage, and disposal of hazardous chemicals and materials. His expertise spans across a range of industries such as Hi-tech, Manufacturing, Warehousing, Agriculture – Field & Processing, and Oil & Gas, among others.

In addition, Albert is a skilled trainer and has extensive experience in teaching the safe operation of Industrial Equipment such as Forklifts, Scissor Lifts, and Boom Lifts.
