## PROFILE

J.T. is a seasoned Safety, Health & Environmental (SH&E) Professional and Manager with extensive experience in evaluating organizational needs and implementing long-term service plans to drive client success. With 15+ years of experience and over a decade of service at Boretti, Inc, J.T. spent 5 years as an SH&E Professional and 5 years as the Director of Service Operations, where he utilized his experience to analyze operations, increase efficiency, and implement strategies to meet unique business goals.

Currently serving as the Business Services Manager, J.T. works closely with prospective and current clients to cultivate and maintain successful partnerships by meeting their safety, health, and environmental needs.

J.T. is an accomplished public speaker, engaging in evergreen topics such as "The Value of Safety: A Business Perspective," and "Cal/OSHA Annual Update." His current rotation of topics include the proposed Cal/OSHA Indoor Heat Illness Prevention Standard, and "Psychosocial Hazards in the Workplace".

J.T. is also a highly active member of the American Society of Safety Professionals (ASSP), serving as the Region 1 Assistant Vice-President for Technology and Communications, and is currently in his second term as President for the Central Valley Chapter.

Within this volunteer organization, J.T. provided valuable assistance to 19 regional chapters in areas related to E-Commerce and Merchant Services, Mass Communication, Website Creation and Maintenance, and Cloud Storage and Document Organization.
